

have lost their lives at the
Explosion

The Boys Lost Their Lives
on April 24 The Names are
James Walker Fireman
William Blakey, John Sad
and John Martin Juries to head and

Colliery killed at Hutton by a coal
accident in August 1858
Locomotive Boiler Bursting at Hutton
Explosion on Thursday night
altogether twenty, Sub-Minors
and George Walter James
John Walker John Lawrence
Ralph Ross John Ferguson
James Box Robert Clark
John William Marlow Joseph Scott
Thomas Weight

60 Stetson Colliery Explosion
William Gardner Robert Gardner
George Geekehorn John Boord
William Newman a Stone
a Boy Thomas Rippson and
Furnicemon and Ralph Hope

Those Rescued

Thomas Smith William Smith
William Anderson Robert Simpson
Putten a Boy Richard Proud
Charles Milner George Currey

Now as to The cause of The Disaster, an inquest was opened by
Thomas Charles Maynard in The Colliery, bothell Stetson Le Noble
Mrs Walker The Stetson Colliery inn. Mr Nicholas Wood Represented
the owners of The Pit and Mr M. Durren Was also present. The
witnesses were Messrs George Johnson The Foreman William Dixon and
Francis Lodge John Watson Mr Nicholas Wills William Summers
John Watson John Logan Robert Thompson William Horsey
John Hunter Edward Taylor John Johnson Thomas Rippson
Charles Milner The inquest was a long drawn out affair and The
statement that there was absolutly no sign of gas in The Workings
prior to The outbreak and there was sufficient ventilation was
made out by a number of Workmen. There appeared to be a pretty
general opinion that The blowing down of The Crossing at The
the Way was The first Effect of The Explosion as to The ultimate
of The Jury too there could only be one opinion supported

as it was by practical men and
their death by an explosion of
accumulated in the Flue leading
Engine to the upcast shaft and
workings of the pit witnesses called

Downs who died in the institute yesterday
who was a Putter at Eppleton Colliery was
injuries he told his father that while he
nipped between the plank and the tub

Monday Morning at Eppleton Colliery

41.18.9

an inquest yesterday afternoon at
George Shanks miner residing at
Who was killed on the 23 inst by a fall
Whilst following his employment
of mines and Mr John Wilson for the miners
Whilst Mr John Elliott watched the
Lambton and Hetton Collieries company
was returned
at Hetton Syons Colliery North Low
ng Westman

August 14 at Eppleton Colliery 42.8.6
was the accident
inquest was held at the Royal infirmary
on David Belshaw 20 of 49 Jane Street Hetton
it appeared that on August 14th Belshaw
sent ~~him~~ suffering from severe internal
was on the Limbers of a tube he had been
The evidence of Belshaws mates was

to the effect that the tub while turning and so dislodged the plank from the roof was to the effect that Belshaw died from have been set up by the injuries he had the condition which caused the death at the Colliery.

1879 Mr John Wilson said Durham strikes in 1879 and 1892 and they set this case if they had to strike he and not do anything. He would disagree

1911 July 1st Lord Looney and Durham Lord Looney will take over the Glendon which have for so long been under Company Ltd of which Sir Lindsay on July 1st 1911

1917 October Special Meeting on Sunday October 7 Special Meeting on Sunday The Sloughton feast holiday on for Work on Monday 96 votes work

a corner must have caught one of the props which struck Belshaw the medical evidence inflammation of the kidneys which could sustained the jury returned a verdict that of the deceased was set up by the accident

County had passed through two great an example to the whole country in hoped they would strike like friends and themselves

Collieries it is now announced that Elmore and Eppleton Collieries the control of the Glendon Coal Woods is the managing director
